

InteliWISE SOCIAL MARKETING AGENT

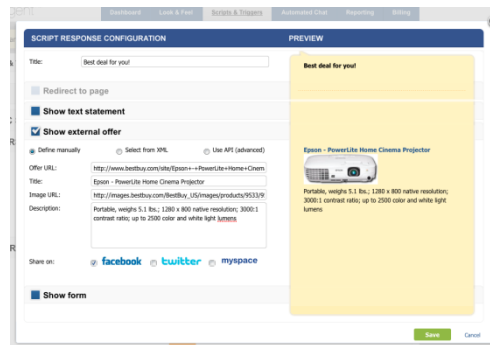

Turn 'Likes' into customers!

'How it works'

1. Take any of the products from your store that are currently a HOT DEAL!

2. Set conditions on which the Agent should appear – after product purchase, wondering on the site, checking the FAQ page etc.

3. Input those products using XML database, input them manually or using Magento plug-in.

```
<!DOCTYPE html PUBLIC "-//W3C/DTD XHTML 1.0 Strict//EN" "http://www.w3.org/TR/xhtml1/DTD/xhtml1-strict.dtd">
<html xmlns="http://www.w3.org/1999/xhtml">
<head>
<title>InteliWISE Virtual Agent - Example of embed code placement</title>
<meta http-equiv="Content-type" content="text/html; charset=utf-8" />
...
</head>
<body>
...
<script type="text/javascript" src="https://client.inteliwise.com/proxy/InteliWISE...
</body>
</html>
```

4. Paste a short HTML embed code or install using our plug-ins: WordPress, Magento etc.

5. After the installation the Virtual Agent will appear as a side-tab on your website. It will slide out whenever a condition is met – customer purchases product or visits your page.

What is a Social Marketing Agent?

It's a smart widget that gives more impact to your Facebook Likes, Tweets etc. It will help you freshen up your ordinary social marketing tools and display a personalized message inviting your customer to share your site, bought products or anything else you want.
